EXPLANATIONS WHICH MAY BE HELPFUL IN STUDYING THESE ACTS:

1. *Italicized* words indicate new language.
2. Lined through words indicate language that has been removed.
3. The table of contents is divided into four categories: Traffic, Criminal, Firearms and Miscellaneous. The bills in those categories are presented in either full text or summary form. Summarized bills are less relevant, yet still important legislation, and are found at the back of each section. Although summarized bills are not discussed in the recorded Selected Acts presentation, they should be reviewed.
4. Emergency Acts - are Acts with an emergency clause and were effective the moment they were signed by the Governor. Generally, the emergency clause appears as the last sentence of the Act.
5. Effective date - All Acts, other than those containing an emergency clause or those specifying a delayed effective date, become law on July 1, 2019. Note that different portions of a bill may carry different effective dates.
6. A brief overview outlining changes, provided by the Division of Legislative Services, appears at the beginning of each full text bill. This overview is only a brief synopsis of the bill. Before taking any enforcement action, carefully read the entire bill. Also, note that the Table of Contents contains a bill description which is not necessarily the same as the short title of the bill.

1. That the Code of Virginia is amended by adding a section numbered § 46.2-861.1 as follows:

§ 46.2-861.1. Drivers to yield right-of-way or reduce speed when approaching stationary vehicles displaying certain warning lights on highways; penalties.

A. The driver of any motor vehicle, upon approaching a stationary vehicle that is displaying a flashing, blinking, or alternating blue, red, or amber light or lights as provided in § 46.2-1022, 46.2-1023, or 46.2-1024 or subsection B of § 46.2-1026 shall (i) on a highway having at least four lanes, at least two of which are intended for traffic proceeding as the approaching vehicle, proceed with caution and, if reasonable, with due regard for safety and traffic conditions, yield the right-of-way by making a lane change into a lane not adjacent to the stationary vehicle or (ii) if changing lanes would be unreasonable or unsafe, proceed with due caution and maintain a safe speed for highway conditions. A violation of any provision of this subsection is reckless driving.

1. When overtaking and passing another vehicle proceeding in the same direction;

2. When preparing for a left turn at an intersection or into a private road or driveway;

3. When reasonably necessary to avoid conditions including, but not limited to, fixed or moving objects, parked or moving vehicles, pedestrians, animals, surface hazards, or substandard width lanes that make it unsafe to continue along the right curb or edge;

4. When avoiding riding in a lane that must turn or diverge to the right; and

5. When riding upon a one-way road or highway, a person may also ride as near the left-hand curb or edge of such roadway as safely practicable.

For purposes of this section, a "substandard width lane" is a lane too narrow for a bicycle, electric personal assistive mobility device, electric power-assisted bicycle, motorized skateboard or foot scooter, or moped and another vehicle to pass safely side by side within the lane.

Persons riding bicycles, electric personal assistive mobility devices, or electric power-assisted bicycles, or motorized skateboards or scooters on a highway shall not ride more than two abreast. Persons riding two abreast shall not impede the normal and reasonable movement of traffic, shall move into a single file formation as quickly as is practicable when being overtaken from the rear by a faster moving vehicle, and, on a laned roadway, shall ride in a single lane.

Notwithstanding any other provision of law to the contrary, the Department of Conservation and Recreation shall permit the operation of electric personal assistive mobility devices on any bicycle path or trail designated by the Department for such use.

No person shall operate a skateboard or scooter that would otherwise meet the definition of a motorized skateboard or scooter but is capable of speeds greater than 20 miles per hour at a speed greater than 20 miles per hour. No person less than 14 years old shall drive any electric personal assistive mobility device, motorized skateboard or foot scooter, or electric power-assisted bicycle unless under the immediate supervision of a person who is at least 18 years old.

An electric personal assistive mobility device or motorized skateboard or foot scooter may be operated on any highway with a maximum speed limit of 25 miles per hour or less. An electric personal assistive mobility device shall only operate on any highway authorized by this section if a sidewalk is not provided along such highway or if operation of the electric personal assistive mobility device on such sidewalk is prohibited pursuant to § 46.2-904. Nothing in this section shall prohibit the operation of an electric personal assistive mobility device, electric
personal delivery device, or motorized skateboard or foot scooter in the crosswalk of any highway where the use of such crosswalk is authorized for pedestrians, bicycles, or electric power-assisted bicycles.

Operation of electric personal assistive mobility devices, motorized skateboards or scooters, electrically powered toy vehicles, bicycles, and electric power-assisted bicycles is prohibited on any Interstate Highway System component except as provided by the section.

The Commonwealth Transportation Board may authorize the use of bicycles or motorized skateboards or scooters on an Interstate Highway System Component provided the operation is limited to bicycle or pedestrian facilities that are barrier separated from the roadway and automobile traffic and such component meets all applicable safety requirements established by federal and state law.

Any such taillight shall be of a type approved by the Superintendent.

§ 46.2-1041. Restrictions as to solid rubber tires.

Every tire, other than a pneumatic tire, made of rubber on a motor vehicle moved on any highway shall have rubber on its entire traction surface at least one inch thick above the edge of the flange of the entire periphery. No motor vehicle equipped with such tires shall be operated on any highway in the Commonwealth unless a permit therefor is first secured from the Department of Transportation.

§ 46.2-1081. Slow-moving vehicle emblems.

A. Every farm tractor, self-propelled unit of farm equipment or implement of husbandry, and any other vehicle designed for operation at speeds not in excess of 25 miles per hour or normally operated at speeds not in excess of 25 miles per hour, shall display a triangular slow-moving vehicle emblem on the rear of the vehicle when traveling on a public highway at any time of the day or night.

B. Should a slow-moving vehicle tow a unit on a public highway, then the towing vehicle or the towed unit shall be equipped with the slow-moving vehicle emblem as follows:
1. If the towed unit or any load thereon obscures the slow-moving vehicle emblem on the towing vehicle, the towed unit shall be equipped with a slow-moving vehicle emblem, in which case the towing vehicle need not display such emblem.

2. If the slow-moving vehicle emblem on the towing vehicle is not obscured by the towed unit or any load thereon, then either or both such vehicles may be equipped with such emblem.

C. The standards and specifications for the slow-moving vehicle emblem and the position of mounting of the emblem shall conform to standards and specifications adopted by the American Society of Agricultural Engineers, the Society of Automotive Engineers, the American National Standards Institute, Inc., or the federal Department of Transportation.

D. The use of the slow-moving vehicle emblem shall be restricted to the uses specified in this title.

E. The provisions of this section shall not apply to bicycles, electric power-assisted bicycles, or mopeds, or motorized skateboards or scooters. Display of a slow-moving vehicle emblem on a bicycle, electric power-assisted bicycle, or moped, or motorized skateboard or scooter shall not be deemed a violation of this section.

§ 46.2-1315. Powers of localities to regulate use of motorized skateboards or scooters, bicycles, or electric power-assisted bicycles for hire.

Any county, city, town, or political subdivision may (i) by ordinance regulate or (ii) by any governing body action or administrative action establish a demonstration project or pilot program regulating the operation of motorized skateboards or scooters, bicycles, or electric power-assisted bicycles for hire, provided that such regulation or other governing body or administrative action is consistent with this title. Such ordinance or other governing body or administrative action may require persons offering motorized skateboards or scooters, bicycles, or electric power-assisted bicycles for hire to be licensed, provided that on or after January 1, 2020, in the absence of any licensing ordinance, regulation, or other action, a person may offer motorized skateboards or scooters, bicycles, or electric power-assisted bicycles for hire.

CHAPTER 842
An Act to amend and reenact § 46.2-882 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered § 46.2-882.1, relating to handheld photo speed monitoring devices.
[S 1521]
Approved April 3, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-882 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered § 46.2-882.1 as follows:

§ 46.2-882. Determining speed with various devices; certificate as to accuracy of device; arrest without warrant.

The speed of any motor vehicle may be determined by the use of (i) a laser speed determination device, (ii) radar, (iii) a microcomputer device that is physically connected to an odometer cable and both measures and records distance traveled and elapsed time to determine the average speed of a motor vehicle, or (iv) a microcomputer device that is located aboard an airplane or helicopter and measures and records distance traveled and elapsed time to determine the average speed of a motor vehicle being operated on highways within the Interstate System of highways as defined in § 33.2-100, or (v) a handheld photo speed monitoring device as defined in § 46.2-882.1. The results of such determinations shall be accepted as prima facie evidence of the speed of such motor vehicle in any court or legal proceeding where the speed of the motor vehicle is at issue.

In any court or legal proceeding in which any question arises about the calibration or accuracy of any laser speed determination device, radar, microcomputer device, or handheld photo speed monitoring device as described in this section used to determine the speed of any motor vehicle, a certificate, or a true copy thereof, showing the calibration or accuracy of (i) the speedometer of any vehicle, (ii) any tuning fork employed in calibrating or testing the radar or other speed determination device or (iii) any other method employed in calibrating or testing any laser speed determination device or handheld photo speed monitoring device, and when and by whom the calibration was made, shall be admissible as evidence of the facts therein stated. No calibration or testing of such device or system shall be valid for longer than six months.

The driver of any such motor vehicle may be arrested without a warrant under this section if the arresting officer is in uniform and displays his badge of authority and if the officer has observed the registration of the speed of such motor vehicle by the laser speed determination device, radar, or microcomputer device as described in this section, or has received a radio message from the officer who observed the speed of the motor vehicle registered by the laser speed determination device, radar, or microcomputer device as described in this section. However, in
case of an arrest based on such a message, such radio message shall have been dispatched immediately after the speed of the motor vehicle was registered and furnished the license number or other positive identification of the vehicle and the registered speed to the arresting officer.

Neither State Police officers nor local law-enforcement officers shall use laser speed determination devices or radar, as described herein in airplanes or helicopters for the purpose of determining the speed of motor vehicles.

State Police officers may use laser speed determination devices, radar, and/or microcomputer devices, or handheld photo speed monitoring devices as described in this section. All localities may use radar and laser speed determination devices to measure speed. The Cities of Alexandria, Fairfax, Falls Church, Manassas, and Manassas Park and the Counties of Arlington, Fairfax, Loudoun, and Prince William and towns within such counties may use microcomputer devices as described in this section.

The Division of Purchases and Supply, pursuant to § 2.2-1112, shall determine the proper equipment used to determine the speed of motor vehicles and shall advise the respective law-enforcement officials of the same. Police chiefs and sheriffs shall ensure that all such equipment and devices purchased on or after July 1, 1986, meet or exceed the standards established by the Division.

§ 46.2-882.1. Use of handheld photo speed monitoring devices in highway work zones; penalty.

A. For the purposes of this section:

"Handheld photo speed monitoring device" means handheld equipment that uses LIDAR-based speed detection that produces one or more photographs, microphotographs, videotapes, or other recorded images of vehicles.

"Highway work zone" has the same meaning ascribed to it in § 46.2-878.1.

B. The Department of State Police may operate a handheld photo speed monitoring device in highway work zones for the purposes of recording violations of § 46.2-878.1.

1. A handheld photo speed monitoring device may be used only by a law-enforcement officer employed by the Department of State Police who is physically present in or around the highway work zone where a law-enforcement vehicle is present and displaying lighted blue or blue combination lights to record images of vehicles that are traveling at speeds of at least 12 miles per hour above the posted highway work zone speed limit within such highway work zone.

2. The operator of a vehicle shall be liable for a monetary civil penalty imposed pursuant to this section if such vehicle is found, as evidenced by information obtained from a handheld photo speed monitoring device, to be traveling at speeds of at least 12 miles per hour above the posted highway work zone speed limit within such highway work zone. Such civil penalty shall not exceed $125, and any prosecution shall be instituted and conducted in the same manner as prosecution for traffic infractions. Civil penalties collected under this section shall be paid into the state treasury and allocated to the Department of State Police. For any fiscal year, if the total amount collected from the penalties pursuant to this section is greater than 10 percent of the budget of the Department of State Police for the fiscal year after the costs of implementing and administering handheld photo speed monitoring devices are recovered, the state treasury shall allocate such moneys that exceed 10 percent of the total budget of the Department of State Police to the Literary Fund.
3. If a handheld photo speed monitoring device is used, proof of a violation of § 46.2-878.1 shall be evidenced by information obtained from such device. A certificate, or a facsimile thereof, sworn to or affirmed by a Virginia State Police officer, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a handheld photo speed monitoring device, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation of § 46.2-878.1.

4. In the prosecution for a violation of § 46.2-878.1 in which a summons was issued pursuant to this section, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in violation of § 46.2-878.1, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of § 46.2-878.1, is presented, prior to the return date established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

5. Imposition of a penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

6. A summons for a violation of § 46.2-878.1 issued pursuant to this section shall be executed by mailing by first-class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of or accessible to the Department; in the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subdivision 4 and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. If the summons is issued to an owner, lessee, or renter of a vehicle with a registration outside the Commonwealth and such person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons will be eligible for all legal collections activities. Any summons executed for a violation of § 46.2-878.1 issued pursuant to this section shall provide to the person summoned at least 30 days from the mailing of the summons to inspect information collected by a handheld photo speed monitoring device in connection with the violation. If the Department of State Police does not execute a summons for a violation of § 46.2-878.1 issued pursuant to this section within 14 days from the date of the violation, all information collected pertaining to that suspected violation shall be purged within 16 days from the date of the violation.

7. Information collected by a handheld photo speed monitoring device operated pursuant to this section shall be limited exclusively to that information that is necessary for the enforcement of highway work zone speeding violations. Information provided to the operator of a handheld photo speed monitoring device shall be protected
in a database with security comparable to that of the Department’s system and used only for enforcement against individuals who violate the provisions of this section or § 46.2-878.1. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other personal information collected by a handheld photo speed monitoring device shall be used exclusively for enforcing highway work zone speed limits and shall not be (i) open to the public; (ii) sold or used for sales, solicitation, or marketing purposes; (iii) disclosed to any other entity except as may be necessary for the enforcement of highway work zone speed limits or to a vehicle owner or operator as part of a challenge to the violation; or (iv) used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or § 46.2-878.1, or such information is requested upon order from a court of competent jurisdiction. Information collected under this section pertaining to a specific violation shall be purged and not retained later than 60 days after the collection of any civil penalties. Any Virginia State Police division using handheld photo speed monitoring devices shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal information in violation of the provisions of this subdivision shall be subject to a civil penalty of $1,000 per disclosure.

8. A conspicuous sign shall be placed within 1,000 feet of any highway work zone at which a handheld photo speed monitoring device is used, indicating the use of the device. There shall be a rebuttable presumption that such sign was in place at the time of the commission of the speed limit violation.

2. That a private entity may enter into an agreement with the Department of State Police to be compensated for providing a handheld photo speed monitoring device and all related support services, including consulting, operations, and administration. However, only a law-enforcement officer employed by the Department of State Police may operate a handheld photo speed monitoring device and only a law-enforcement officer employed by the Department of State Police may swear to or affirm the certificate required by subdivision B 3 of § 46.2-882.1 of the Code of Virginia, as created by this act. The Department of State Police shall enter into an agreement for compensation based on the value of the goods and services provided, not on the number of violations paid or monetary penalties imposed.

3. That the provisions of the first and second enactments of this act shall not become effective unless reenacted by the 2020 Session of the General Assembly.

4. The Secretary of Public Safety and Homeland Security, in consultation with the Virginia State Police, the Virginia Sheriffs’ Association, and the Virginia Association of Chiefs of Police, shall review the proposed use of handheld photo speed monitoring devices and consider legal and constitutional implications of dedicating civil penalties to any fund other than the Literary Fund. The Secretary of Public Safety and Homeland Security shall report the results of such review to the Chairmen of the Senate Committee for Courts of Justice, the Senate Committee on Finance, the House Committee for Courts of Justice, and the House Committee on Appropriations by November 1, 2019.

E. Nothing in this section shall apply to any person operating taxicabs, school buses, executive sedans, or limousines. No vehicles other than those displaying disabled parking license plates, organizational removable windshield placards, permanent removable windshield placards, or temporary removable windshield placards issued under § 46.2-1241, or DV disabled parking license plates issued under subsection B of § 46.2-739, shall be parked in any parking spaces reserved for persons with disabilities.

No person without a disability that limits or impairs his ability to walk shall park a vehicle with disabled parking license plates, organizational removable windshield placards, permanent removable windshield placards, temporary removable windshield placards, or DV disabled parking license plates issued under subsection B of § 46.2-739 in a parking space reserved for persons with disabilities that limit or impair their ability to walk except when transporting a disabled person in the vehicle.

3. No vehicle shall be parked in any striped access aisle adjacent to a parking space reserved for persons with disabilities.

4. A summons or parking ticket for the offense may be issued by law-enforcement officers, uniformed law-enforcement department employees, or volunteers acting pursuant to § 46.2-1244 without the necessity of a warrant’s being obtained by the owner of any private parking area.

5. Parking a vehicle in a space reserved for persons with disabilities or in a striped access aisle in violation of this section shall be punishable by a fine of not less than $100 nor more than $500.

1. Any local governing body, by such ordinance, may assess and retain a fine of not less than $100 nor more than $500 for its violation.

D. No violation of this section or an ordinance adopted pursuant to this section shall be dismissed for a property owner's failure to comply strictly with the requirements for disabled parking signs set forth in § 36-99.11, provided the space is clearly distinguishable as a parking space reserved for persons with disabilities that limit or impair their ability to walk.

CHAPTER 90

[H 2748]
Approved February 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-246.8, 18.2-246.10, and 18.2-371.2 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-246.8. Age verification requirements.

A. No person shall mail, ship, or otherwise deliver cigarettes in connection with a delivery sale unless prior to the first delivery sale to a consumer such person:

1. Obtains from the prospective consumer a certification that includes (i) a reliable confirmation that the consumer is at least the legal minimum purchase age, and (ii) a statement signed by the prospective consumer in writing that certifies the prospective consumer's address and that the consumer is at least 18 years of age. Such statement shall also confirm (a) that the prospective consumer understands that signing another person's name to such certification is illegal, (b) that the sale of cigarettes to individuals under the legal minimum purchase age is illegal, and (c) that the purchase of cigarettes by individuals under the legal minimum purchase age is illegal under the laws of the Commonwealth;

2. Makes a good faith effort to verify the information contained in the certification provided by the prospective consumer pursuant to subsection A against a commercially available database of valid, government-issued identification that contains the date of birth or age of the individual placing the order, or obtains a photocopy or other image of the valid, government-issued identification stating the date of birth or age of the individual placing the order;

3. Provides to the prospective consumer, via e-mail or other means, a notice that meets the requirements of § 18.2-246.9; and
4. Receives payment for the delivery sale from the prospective consumer by a credit or debit card that has been issued in such consumer's name or by a check drawn on the consumer's account.

B. Persons accepting purchase orders made via the Internet for delivery sales may request that prospective consumers provide their e-mail addresses.

§ 18.2-246.10. Shipping requirements.

Each person who mails, ships, or otherwise delivers cigarettes in connection with a delivery sale:

1. Shall include as part of the shipping documents a clear and conspicuous statement providing as follows: "Cigarettes: Virginia Law Prohibits Shipping to Individuals Under 18, 21, and Requires the Payment of all Applicable Taxes";

2. Shall use a method of mailing, shipping, or delivery that obligates the delivery service or any party making delivery to require (i) the consumer placing the purchase order for the delivery sale, or an adult of legal minimum purchase age, to sign to accept delivery of the shipping container, and (ii) proof, in the form of a valid, government-issued identification bearing a photograph of the individual who signs to accept delivery of the shipping container, demonstrating that he is either the addressee who is of legal minimum purchase age or another adult of legal minimum purchase age. However, proof of the legal minimum purchase age shall be required only if such individual appears to be under 27 years of age; and

3. Shall provide to the delivery service retained for such delivery sale evidence of full compliance with § 18.2-246.12.

§ 18.2-371.2. Prohibiting purchase or possession of tobacco products, nicotine vapor products, and alternative nicotine products by a person under 21 years of age or sale of tobacco products, nicotine vapor products, and alternative nicotine products to persons under 21 years of age.

A. No person shall sell to, distribute to, purchase for, or knowingly permit the purchase by any person less than 18, 21 years of age, knowing or having reason to believe that such person is less than 18, 21 years of age, any tobacco product, nicotine vapor product, or alternative nicotine product.

Tobacco products, nicotine vapor products, and alternative nicotine products may be sold from a vending machine only if the machine is (i) posted with a notice, in a conspicuous manner and place, indicating that the purchase or possession of tobacco products by persons under 21 years of age is unlawful and (ii) located in a place which that is not open to the general public and is not generally accessible to persons under 21 years of age. An establishment which that prohibits the presence of persons under 21 years of age unless accompanied by an adult a person 21 years of age or older is not open to the general public.

B. No person less than 18, 21 years of age shall attempt to purchase, purchase, or possess any tobacco product, nicotine vapor product, or alternative nicotine product. The provisions of this subsection shall not be applicable to the possession of tobacco products, nicotine vapor products, or alternative nicotine products by a person less than 18, 21 years of age making a delivery of tobacco products, nicotine vapor products, or alternative nicotine products in pursuance of his employment. This subsection shall not apply to purchase, attempt to purchase, or possession by a law-enforcement officer or his agent when the same is necessary in the performance of his duties.
C. No person shall sell a tobacco product, nicotine vapor product, or alternative nicotine product to any individual who does not demonstrate, by producing a driver's license or similar photo identification issued by a government agency, that the individual is at least 18 years of age. Such identification is not required from an individual whom the person has reason to believe is at least 18 years of age or who the person knows is at least 18 years of age. Proof that the person demanded, was shown, and reasonably relied upon a photo identification stating that the individual was at least 18 years of age shall be a defense to any action brought under this subsection. In determining whether a person had reason to believe an individual is at least 18 years of age, the trier of fact may consider, but is not limited to, proof of the general appearance, facial characteristics, behavior, and manner of the individual.

This subsection shall not apply to mail order or Internet sales, provided that the person offering the tobacco product, nicotine vapor product, or alternative nicotine product for sale through mail order or the Internet (i) prior to the sale of the tobacco product, nicotine vapor product, or alternative nicotine product verifies that the purchaser is at least 18 years of age through a commercially available database that is regularly used by businesses or governmental entities for the purpose of age and identity verification and (ii) uses a method of mailing, shipping, or delivery that requires the signature of a person at least 18 years of age before the tobacco product, nicotine vapor product, or alternative nicotine product will be released to the purchaser.

D. The provisions of subsections B and C shall not apply to the sale, giving, or furnishing of any tobacco product, nicotine vapor product, or alternative nicotine product to any active duty military personnel who are 18 years of age or older. An identification card issued by the Armed Forces of the United States shall be accepted as proof of age for this purpose.

E. A violation of subsection A or C by an individual or by a separate retail establishment that involves a nicotine vapor product, alternative nicotine product, or tobacco product other than a bidi is punishable by a civil penalty not to exceed $100 for a first violation, a civil penalty not to exceed $200 for a second violation, and a civil penalty not to exceed $500 for a third or subsequent violation.

A violation of subsection A or C by an individual or by a separate retail establishment that involves the sale, distribution, or purchase of a bidi is punishable by a civil penalty in the amount of $500 for a first violation, a civil penalty in the amount of $1,000 for a second violation, and a civil penalty in the amount of $2,500 for a third or subsequent violation. Where a defendant retail establishment offers proof that it has trained its employees concerning the requirements of this section, the court shall suspend all of the penalties imposed hereunder. However, where the court finds that a retail establishment has failed to so train its employees, the court may impose a civil penalty not to exceed $1,000 in lieu of any penalties imposed hereunder for a violation of subsection A or C involving a nicotine vapor product, alternative nicotine product, or tobacco product other than a bidi.

A violation of subsection B is punishable by a civil penalty not to exceed $100 for a first violation and a civil penalty not to exceed $250 for a second or subsequent violation. A court may, as an alternative to the civil penalty, and upon motion of the defendant, prescribe the performance of up to 20 hours of community service for a first violation of subsection B and up to 40 hours of community service for a second or subsequent violation. If the defendant fails or refuses to complete the community service as prescribed, the court may impose the civil penalty. Upon a violation of subsection B, the judge may enter an order pursuant to subdivision A 9 of § 16.1-278.8.
Any attorney for the Commonwealth of the county or city in which an alleged violation occurred may bring an action to recover the civil penalty, which shall be paid into the state treasury. Any law-enforcement officer may issue a summons for a violation of subsection A, B, or C.

E–F. 1. Cigarettes shall be sold only in sealed packages provided by the manufacturer, with the required health warning. The proprietor of every retail establishment that offers for sale any tobacco product, nicotine vapor product, or alternative nicotine product shall post in a conspicuous manner and place a sign or signs indicating that the sale of tobacco products, nicotine vapor products, or alternative nicotine products to any person under 21 years of age is prohibited by law. Any attorney for the county, city, or town in which an alleged violation of this subsection occurred may enforce this subsection by civil action to recover a civil penalty not to exceed $50. The civil penalty shall be paid into the local treasury. No filing fee or other fee or cost shall be charged to the county, city, or town which instituted the action.

2. For the purpose of compliance with regulations of the Substance Abuse and Mental Health Services Administration published at 61 Federal Register 1492, the Department of Agriculture and Consumer Services may promulgate regulations which allow the Department to undertake the activities necessary to comply with such regulations.

3. Any attorney for the county, city, or town in which an alleged violation of this subsection occurred may enforce this subsection by civil action to recover a civil penalty not to exceed $100. The civil penalty shall be paid into the local treasury. No filing fee or other fee or cost shall be charged to the county, city, or town which instituted the action.

F–G. Nothing in this section shall be construed to create a private cause of action.

CHAPTER 761
An Act to amend and reenact § 18.2-325 of the Code of Virginia, relating to illegal gambling; definition.
[§ 1738]
Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-325 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-325. Definitions.

1. "Illegal gambling" means the making, placing, or receipt of any bet or wager in the Commonwealth of money or other consideration or thing of value, made in exchange for a chance to win a prize, stake, or other consideration or thing of value, dependent upon the result of any game, contest, or any other event the outcome of which is uncertain or a matter of chance, whether such game, contest, or event occurs or is to occur inside or outside the limits of the Commonwealth.

For the purposes of this subdivision and notwithstanding any provision in this section to the contrary, the making, placing, or receipt of any bet or wager of money or other consideration or thing of value shall include the purchase of a product, Internet access, or other thing, which purchase credits the purchaser with free points or other measurable units that may be (i) risked by the purchaser for an opportunity to win additional points or other measurable units that are redeemable by the purchaser for money or (ii) redeemed by the purchaser for money, and but for the free points or other measurable units, with regard to clauses (i) and (ii), the purchase of the product, Internet access, or other thing (a) would be of insufficient value in and of itself to justify the purchase or (b) is merely incidental to the chance to win money made in exchange for a chance to win a prize, stake, or other consideration or thing of value may be offered in the absence of a purchase.

2. "Interstate gambling" means the conduct of an enterprise for profit which engages in the purchase or sale within the Commonwealth of any interest in a lottery of another state or country whether or not such interest is an actual lottery ticket, receipt, contingent promise to pay, order to purchase, or other record of such interest.

3. "Gambling device" includes:

a. Any device, machine, paraphernalia, equipment, or other thing, including books, records and other papers, which are actually used in an illegal gambling operation or activity; and

b. Any machine, apparatus, implement, instrument, contrivance, board or other thing, or electronic or video versions thereof, including but not limited to those dependent upon the insertion of a coin or other object for
their operation, which operates, either completely automatically or with the aid of some physical act by the player or operator, in such a manner that, depending upon elements of chance, it may eject something of value or determine the prize or other thing of value to which the player is entitled; provided, however, that the return to the user of nothing more than additional chances or the right to use such machine is not deemed something of value within the meaning of this subsection; and provided further, that machines that only sell, or entitle the user to, items of merchandise of equivalent value that may differ from each other in composition, size, shape or color, shall not be deemed gambling devices within the meaning of this subsection.

Such devices are no less gambling devices if they indicate beforehand the definite result of one or more operations but not all the operations. Nor are they any less a gambling device because, apart from their use or adaptability as such, they may also sell or deliver something of value on a basis other than chance.

4. "Operator" includes any person, firm or association of persons, who conducts, finances, manages, supervises, directs or owns all or part of an illegal gambling enterprise, activity or operation.
Use of unmanned aircraft systems by law-enforcement officers; persons sought for arrest. Provides that a law-enforcement officer may deploy an unmanned aircraft system (i) to aerially survey a primary residence of the subject of the arrest warrant to formulate a plan to execute an existing arrest warrant or capias for a felony offense or (ii) to locate a person sought for arrest when such person has fled from a law-enforcement officer and a law-enforcement officer remains in hot pursuit of such person.

assessment, flood stage assessment, and wildfire assessment. Nothing herein shall prohibit use of unmanned aircraft systems for private, commercial, or recreational use or solely for research and development purposes by institutions of higher education and other research organizations or institutions.

E. Evidence obtained through the utilization of an unmanned aircraft system in violation of this section is not admissible in any criminal or civil proceeding.

F. In no case may a weaponized unmanned aircraft system be deployed in the Commonwealth or its use facilitated in the Commonwealth by a state or local government department, agency, or instrumentality or department of law enforcement in the Commonwealth except in operations at the Space Port and Naval/Aegis facilities at Wallops Island.

G. Nothing herein shall apply to the Armed Forces of the United States or the Virginia National Guard while utilizing unmanned aircraft systems during training required to maintain readiness for its federal mission or when facilitating training for other U.S. Department of Defense units.

The bill also adds felony prostitution and felony human trafficking offenses to the definition of "violent felony" for the purposes of sentencing guidelines. The bill also provides that each violation of commercial sex trafficking is a separate and distinct felony. The bill as introduced was a recommendation of the Virginia State Crime Commission.

In making its determination, the court shall consider all of the following factors that are relevant to the case: (i) the degree to which the delinquent act was committed with the use of force, threat, or intimidation, (ii) the age and maturity of the complaining witness, (iii) the age and maturity of the offender, (iv) the difference in the ages of the complaining witness and the offender, (v) the nature of the relationship between the complaining witness and the offender, (vi) the offender's prior criminal history, and (vii) any other aggravating or mitigating factors relevant to the case. H. Prior to entering judgment of conviction of an offense for which registration is required if the victim of the offense was a minor, physically helpless, or mentally incapacitated, when the indictment, warrant, or information does not allege that the victim of the offense was a minor, physically helpless, or mentally incapacitated, the court shall determine by a preponderance of the evidence whether the victim of the offense was a minor, physically helpless, or mentally incapacitated, as defined in § 18.2-67.10, and shall also determine the age of the victim at the time of the offense if it determines the victim to be a minor. When such a determination is required, the court shall advise the defendant of its determination and of the defendant's right to make a motion to withdraw a plea of guilty or nolo contendere pursuant to § 19.2-296. If the court grants the defendant's motion to
withdraw his plea of guilty or of nolo contendere, his case shall be heard by another judge, unless the parties agree otherwise. Failure to make such determination or so advise the defendant does not otherwise invalidate the underlying conviction.

§ 17.1-805. Adoption of initial discretionary sentencing guideline midpoints.

A. The Commission shall adopt an initial set of discretionary felony sentencing guidelines which shall become effective on January 1, 1995. The initial recommended sentencing range for each felony offense shall be determined first, by computing the actual time-served distribution for similarly situated offenders, in terms of their conviction offense and prior criminal history, released from incarceration during the base period of calendar years 1988 through 1992, increased by 13.4 percent, and second, by eliminating from this range the upper and lower quartiles. The midpoint of each initial recommended sentencing range shall be the median time served for the middle two quartiles and subject to the following additional enhancements:

1. The midpoint of the initial recommended sentencing range for first degree murder, second degree murder, rape in violation of § 18.2-61, forcible sodomy, object sexual penetration, and aggravated sexual battery, shall be further increased by (i) 125 percent in cases in which the defendant has no previous conviction of a violent felony offense; (ii) 300 percent in cases in which the defendant has previously been convicted of a violent felony offense punishable by a maximum punishment of less than 40 years; or (iii) 500 percent in cases in which the defendant has previously been convicted of a violent felony offense punishable by a maximum punishment of 40 years or more, except that the recommended sentence for a defendant convicted of first degree murder who has previously been convicted of a violent felony offense punishable by a maximum term of imprisonment of 40 years or more shall be imprisonment for life;

2. The midpoint of the initial recommended sentencing range for voluntary manslaughter, robbery, aggravated malicious wounding, malicious wounding, and any burglary of a dwelling house or statutory burglary of a dwelling house or any burglary committed while armed with a deadly weapon or any statutory burglary committed while armed with a deadly weapon shall be further increased by (i) 100 percent in cases in which the defendant has no previous conviction of a violent felony offense, (ii) 300 percent in cases in which the defendant has previously been convicted of a violent felony offense punishable by a maximum term of imprisonment of less than 40 years, or (iii) 500 percent in cases in which the defendant has previously been convicted of a violent felony offense punishable by a maximum term of imprisonment of 40 years or more;

3. The midpoint of the initial recommended sentencing range for manufacturing, selling, giving, or distributing, or possessing with the intent to manufacture, sell, give, or distribute a Schedule I or II controlled substance, shall be increased by (i) 200 percent in cases in which the defendant has previously been convicted of a violent felony offense punishable by a maximum punishment of less than 40 years or (ii) 400 percent in cases in which the defendant has previously been convicted of a violent felony offense punishable by a maximum term of imprisonment of 40 years or more; and

4. The midpoint of the initial recommended sentencing range for felony offenses not specified in subdivision 1, 2, or 3 shall be increased by 100 percent in cases in which the defendant has previously been convicted of a violent felony offense punishable by a maximum punishment of less than 40 years, and by 300 percent in cases in which the defendant has previously been convicted of a violent felony offense punishable by a maximum term of imprisonment of 40 years or more.
B. For purposes of this chapter, previous convictions shall include prior adult convictions and juvenile convictions and adjudications of delinquency based on an offense which would have been at the time of conviction a felony if committed by an adult under the laws of any state, the District of Columbia, or the United States or its territories.

C. The reports shall contain such information as is required by the Exchange and shall be accompanied by fingerprints of the individual arrested. Effective January 1, 2006, the corresponding photograph of the individual arrested shall accompany the report. Fingerprint cards prepared by a law-enforcement agency for inclusion in a national criminal justice file shall be forwarded to the Exchange for transmittal to the appropriate bureau. Nothing in this section shall preclude each local law-enforcement agency from maintaining its own separate photographic database. Fingerprints and photographs required to be taken pursuant to this subsection or subdivision A 3c of § 19.2-123 may be taken at the facility where the magistrate is located, including a regional jail, even if the accused is not committed to jail.
2. For persons arrested and released on summonses in accordance with § 19.2-74, such report shall not be required until (i) a conviction is entered and no appeal is noted or if an appeal is noted, the conviction is upheld upon appeal or the person convicted withdraws his appeal; (ii) the court dismisses the proceeding pursuant to § 18.2-251; or (iii) an acquittal by reason of insanity pursuant to § 19.2-182.2 is entered. Upon such conviction or acquittal, the court shall remand the individual to the custody of the office of the chief law-enforcement officer of the county or city. It shall be the duty of the chief law-enforcement officer, or his designee who may be the arresting officer, to ensure that such report is completed after a determination of guilt or acquittal by reason of insanity. The court shall require the officer to complete the report immediately following the person's conviction or acquittal, and the individual shall be discharged from custody forthwith, unless the court has imposed a jail sentence to be served by him or ordered him committed to the custody of the Commissioner of Behavioral Health and Developmental Services.

B. Within 72 hours following the receipt of (i) a warrant or capias for the arrest of any person on a charge of a felony or (ii) a Governor's warrant of arrest of a person issued pursuant to § 19.2-92, the law-enforcement agency which received the warrant shall enter the person's name and other appropriate information required by the Department of State Police into the "information systems" known as the Virginia Criminal Information Network (VCIN), established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the National Crime Information Center (NCIC), maintained by the Federal Bureau of Investigation. The report shall include the person's name, date of birth, social security number and such other known information which the State Police or Federal Bureau of Investigation may require. Where feasible and practical, the magistrate or court issuing the warrant or capias may transfer information electronically into VCIN. When the information is electronically transferred to VCIN, the court or magistrate shall forthwith forward the warrant or capias to the local police department or sheriff's office. When criminal process has been ordered destroyed pursuant to § 19.2-76.1, the law-enforcement agency destroying such process shall ensure the removal of any information relating to the destroyed criminal process from the VCIN and NCIC.

B1. Within 72 hours following the receipt of a written statement issued by a parole officer pursuant to § 53.1-149 or § 53.1-162 authorizing the arrest of a person who has violated the provisions of his post-release supervision or probation, the law-enforcement agency that received the written statement shall enter, or cause to be entered, the person's name and other appropriate information required by the Department of State Police into the "information systems" known as the Virginia Criminal Information Network (VCIN), established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52.

In addition, each clerk of a circuit court, upon receipt of certification thereof from the Supreme Court, shall report to the Exchange or the Registry, or to the law-enforcement agency making the arrest in the case of offenses not required to be reported to the Exchange, on forms provided by the Exchange or Registry, as the case may be, any reversal or other amendment to a prior sentence or disposition previously reported. [H 1625]
Approved March 18, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 3.2-6500 of the Code of Virginia is amended and reenacted as follows:

§ 3.2-6500. Definitions.

As used in this chapter unless the context requires a different meaning:

"Abandon" means to desert, forsake, or absolutely give up an animal without having secured another owner or custodian for the animal or by failing to provide the elements of basic care as set forth in § 3.2-6503 for a period of four consecutive days.

"Adequate care" or "care" means the responsible practice of good animal husbandry, handling, production, management, confinement, feeding, watering, protection, shelter, transportation, treatment, and, when necessary, euthanasia, appropriate for the age, species, condition, size and type of the animal and the provision of veterinary care when needed to prevent suffering or impairment of health.

"Adequate exercise" or "exercise" means the opportunity for the animal to move sufficiently to maintain normal muscle tone and mass for the age, species, size, and condition of the animal.

"Adequate feed" means access to and the provision of food that is of sufficient quantity and nutritive value to maintain each animal in good health; is accessible to each animal; is prepared so as to permit ease of consumption for the age, species, condition, size and type of each animal; is provided in a clean and sanitary manner; is placed so as to minimize contamination by excrement and pests; and is provided at suitable intervals for the species, age, and condition of the animal, but at least once daily, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species.

"Adequate shelter" means provision of and access to shelter that is suitable for the species, age, condition, size, and type of each animal; provides adequate space for each animal; is safe and protects each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering, and impairment of health; is properly lighted; is properly cleaned; enables each animal to be clean and dry, except when detrimental to the species; during hot weather, is properly shaded and does not readily conduct heat; during cold weather, has a windbreak at its entrance and provides a quantity of bedding material consisting of straw, cedar shavings, or the equivalent that is sufficient to protect the animal from cold and promote the retention of body heat; and, for dogs and cats, provides a solid surface, resting platform, pad, floor mat, or similar device that is large enough for the animal to lie on in a normal manner and can be maintained in a sanitary manner. Under this chapter,
shelters whose wire, grid, or slat floors (i) permit the animals’ feet to pass through the openings, (ii) sag under the animals’ weight, or (iii) otherwise do not protect the animals’ feet or toes from injury are not adequate shelter.

"Adequate space" means sufficient space to allow each animal to: (i) easily stand, sit, lie, turn about, and make all other normal body movements in a comfortable, normal position for the animal; and (ii) interact safely with other animals in the enclosure. When an animal is tethered, "adequate space" means a tether that permits the above actions and is appropriate to the age and size of the animal; is attached to the animal by a properly applied collar, halter, or harness configured so as to protect the animal from injury and prevent the animal or tether from becoming entangled with other objects or animals, or from extending over an object or edge that could result in the strangulation or injury of the animal; and is at least three times the length of the animal, as measured from the tip of its nose to the base of its tail, except when the animal is being walked on a leash or is attached by a tether to a lead line. When freedom of movement would endanger the animal, temporarily and appropriately restricting movement of the animal according to professionally accepted standards for the species is considered provision of adequate space.

"Adequate water" means provision of and access to clean, fresh, potable water of a drinkable temperature that is provided in a suitable manner, in sufficient volume, and at suitable intervals appropriate for the weather and temperature, to maintain normal hydration for the age, species, condition, size and type of each animal, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species; and is provided in clean, durable receptacles that are accessible to each animal and are placed so as to minimize contamination of the water by excrement and pests or an alternative source of hydration consistent with generally accepted husbandry practices.

CHAPTER 536
An Act to amend and reenact §§ 3.2-6569, 3.2-6570, and 18.2-403.2 of the Code of Virginia, relating to cruelty to animals; aggravated cruelty; penalty.

[H 1874]
Approved March 18, 2019

Be it enacted by the General Assembly of Virginia:

1. That §§ 3.2-6569, 3.2-6570, and 18.2-403.2 of the Code of Virginia are amended and reenacted as follows:

§ 3.2-6569. Seizure and impoundment of animals; notice and hearing; disposition of animal; disposition of proceeds upon sale.

A. Any humane investigator, law-enforcement officer or animal control officer may lawfully seize and impound any animal that has been abandoned, has been cruelly treated, or is suffering from an apparent violation of this chapter that has rendered the animal in such a condition as to constitute a direct and immediate threat to its life, safety or health. The seizure or impoundment of an equine resulting from a violation of clause (iii) or (iv) of subsection A or clause (ii) of subsection B of § 3.2-6570 may be undertaken only by the State Veterinarian or State Veterinarian's representative who has received training in the examination and detection of sore horses as required by 9 C.F.R. Part 11.7.

B. Before seizing or impounding any agricultural animal, the humane investigator, law-enforcement officer or animal control officer shall contact the State Veterinarian or State Veterinarian's representative, who shall recommend to the person the most appropriate action for effecting the seizure and impoundment. The humane investigator, law-enforcement officer or animal control officer shall notify the owner of the agricultural animal and the local attorney for the Commonwealth of the recommendation. The humane investigator, law-enforcement officer or animal control officer may impound the agricultural animal on the land where the agricultural animal is located if:

1. The owner or tenant of the land where the agricultural animal is located gives written permission;

2. A general district court so orders; or

3. The owner or tenant of the land where the agricultural animal is located cannot be immediately located, and it is in the best interest of the agricultural animal to be impounded on the land where it is located until the written permission of the owner or tenant of the land can be obtained.

If there is a direct and immediate threat to an agricultural animal, the humane investigator, law-enforcement officer or animal control officer may seize the animal, in which case the humane investigator, law-enforcement officer or animal control officer shall file within five business days on a form approved by the State Veterinarian...
a report on the condition of the animal at the time of the seizure, the location of impoundment, and any other information required by the State Veterinarian.

C. Upon seizing or impounding an animal, the humane investigator, law-enforcement officer or animal control officer shall petition the general district court in the city or county where the animal is seized for a hearing. The hearing shall not be more than 10 business days from the date of the seizure of the animal. The hearing shall be to determine whether the animal has been abandoned, has been cruelly treated, or has not been provided adequate care.

D. The humane investigator, law-enforcement officer, or animal control officer shall cause to be served upon the person with a right of property in the animal or the custodian of the animal notice of the hearing. If such person or the custodian is known and residing within the jurisdiction wherein the animal is seized, written notice shall be given at least five days prior to the hearing of the time and place of the hearing. If such person or the custodian is known but residing out of the jurisdiction where such animal is seized, written notice by any method or service of process as is provided by the Code of Virginia shall be given. If such person or the custodian is not known, the humane investigator, law-enforcement officer, or animal control officer shall cause to be published in a newspaper of general circulation in the jurisdiction wherein such animal is seized notice of the hearing at least one time prior to the hearing and shall further cause notice of the hearing to be posted at least five days prior to the hearing at the place provided for public notices at the city hall or courthouse wherein such hearing shall be held.

E. The procedure for appeal and trial shall be the same as provided by law for misdemeanors. Trial by jury shall be as provided in Article 4 (§ 19.2-260 et seq.) of Chapter 15 of Title 19.2. The Commonwealth shall be required to prove its case beyond a reasonable doubt.

F. The humane investigator, law-enforcement officer, or animal control officer shall provide for such animal until the court has concluded the hearing. Any locality may require the owner of any animal held pursuant to this subsection for more than thirty 30 days to post a bond in surety with the locality for the amount of the cost of boarding the animal for a period of time set by ordinance, not to exceed nine months.

In any locality that has not adopted such an ordinance, a court may order the owner of an animal held pursuant to this subsection for more than 30 days to post a bond in surety with the locality for the amount of the cost of boarding the animal for a period of time not to exceed nine months. The bond shall not be forfeited if the owner is found to be not guilty of the violation.

If the court determines that the animal has been neither abandoned, cruelly treated, nor deprived of adequate care, the animal shall be returned to the owner. If the court determines that the animal has been (i) abandoned or cruelly treated, (ii) deprived of adequate care, as that term is defined in § 3.2-6500, or (iii) raised as a dog that has been, is, or is intended to be used in dogfighting in violation of § 3.2-6571, then the court shall order that the animal may be: (a) sold by a local governing body, if not a companion animal; (b) disposed of by a local governing body pursuant to subsection D of § 3.2-6546, whether such animal is a companion animal or an agricultural animal; or (c) delivered to the person with a right of property in the animal as provided in subsection G.

G. In no case shall the owner be allowed to purchase, adopt, or otherwise obtain the animal if the court determines that the animal has been abandoned, cruelly treated, or deprived of adequate care. The court shall direct that the animal be delivered to the person with a right of property in the animal, upon his request, if the

89
court finds that the abandonment, cruel treatment, or deprivation of adequate care is not attributable to the actions or inactions of such person.

H. The court shall order the owner of any animal determined to have been abandoned, cruelly treated, or deprived of adequate care to pay all reasonable expenses incurred in caring and providing for such animal from the time the animal is seized until such time that the animal is disposed of in accordance with the provisions of this section, to the provider of such care.

I. The court may prohibit the possession or ownership of other companion animals by the owner of any companion animal found to have been abandoned, cruelly treated, or deprived of adequate care. In making a determination to prohibit the possession or ownership of companion animals, the court may take into consideration the owner's past record of convictions under this chapter or other laws prohibiting cruelty to animals or pertaining to the care or treatment of animals and the owner's mental and physical condition.

J. If the court finds that an agricultural animal has been abandoned or cruelly treated, the court may prohibit the possession or ownership of any other agricultural animal by the owner of the agricultural animal if the owner has exhibited a pattern of abandoning or cruelly treating agricultural animals as evidenced by previous convictions of violating § 3.2-6504 or 3.2-6570. In making a determination to prohibit the possession or ownership of agricultural animals, the court may take into consideration the owner's mental and physical condition.

K. Any person who is prohibited from owning or possessing animals pursuant to subsection I or J may petition the court to repeal the prohibition after two years have elapsed from the date of entry of the court's order. The court may, in its discretion, repeal the prohibition if the person can prove to the satisfaction of the court that the cause for the prohibition has ceased to exist.

L. When a sale occurs, the proceeds shall first be applied to the costs of the sale then next to the unreimbursed expenses for the care and provision of the animal, and the remaining proceeds, if any, shall be paid over to the owner of the animal. If the owner of the animal cannot be found, the proceeds remaining shall be paid into the Literary Fund.

M. Nothing in this section shall be construed to prohibit the humane destruction of a critically injured or ill animal for humane purposes by the impounding humane investigator, law-enforcement officer, animal control officer, or licensed veterinarian.

§ 3.2-6570. Cruelty to animals; penalty.

A. C. Nothing in this section shall be construed to prohibit the dehorning of cattle conducted in a reasonable and customary manner.

**Tethering of animals; adequate shelter and space.** Provides that in order to meet the requirement that an animal be given adequate space, a tether must be at least three times the length of the animal or 10 feet in length, whichever is greater, and not cause injury or pain, weigh more than one-tenth of the animal's body weight, or have weights or heavy objects attached to it. Current law requires that the tether be at least three times the length of the animal. The bill exempts agricultural animals from provisions of the law related to tethering. The bill defines "adequate shelter" to mean the provision of shelter that, during hot weather, is shaded and does not readily conduct heat and, during cold weather, has a windbreak at its entrance and provides sufficient bedding material.

**CHAPTER 848**

*An Act to amend and reenact § 3.2-6500 of the Code of Virginia, relating to companion animals; adequate shelter and space.*

[S 1025]
Approved April 29, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 3.2-6500 of the Code of Virginia is amended and reenacted as follows:

§ 3.2-6500. Definitions.

As used in this chapter unless the context requires a different meaning:

"Abandon" means to desert, forsake, or absolutely give up an animal without having secured another owner or custodian for the animal or by failing to provide the elements of basic care as set forth in § 3.2-6503 for a period of four consecutive days.

"Adequate care" or "care" means the responsible practice of good animal husbandry, handling, production, management, confinement, feeding, watering, protection, shelter, transportation, treatment, and, when necessary, euthanasia, appropriate for the age, species, condition, size and type of the animal and the provision of veterinary care when needed to prevent suffering or impairment of health.

"Adequate exercise" or "exercise" means the opportunity for the animal to move sufficiently to maintain normal muscle tone and mass for the age, species, size, and condition of the animal.

"Adequate feed" means access to and the provision of food that is of sufficient quantity and nutritive value to maintain each animal in good health; is accessible to each animal; is prepared so as to permit ease of consumption for the age, species, condition, size and type of each animal; is provided in a clean and sanitary manner; is placed so as to minimize contamination by excrement and pests; and is provided at suitable intervals for the species, age, and condition of the animal, but at least once daily, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species.

"Adequate shelter" means provision of and access to shelter that is suitable for the species, age, condition, size, and type of each animal; provides adequate space for each animal; is safe and protects each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering, and impairment of health; is properly lighted; is properly cleaned; enables each animal to be clean and dry, except when detrimental
to the species; during hot weather, is properly shaded and does not readily conduct heat; during cold weather, has a windbreak at its entrance and provides a quantity of bedding material consisting of straw, cedar shavings, or the equivalent that is sufficient to protect the animal from cold and promote the retention of body heat; and, for dogs and cats, provides a solid surface, resting platform, pad, floormat, or similar device that is large enough for the animal to lie on in a normal manner and can be maintained in a sanitary manner. Under this chapter, shelters whose wire, grid, or slat floors: (i) permit the animals' feet to pass through the openings, (ii) sag under the animals' weight, or (iii) otherwise do not protect the animals' feet or toes from injury are not adequate shelter.

"Adequate space" means sufficient space to allow each animal to: (i) easily stand, sit, lie, turn about, and make all other normal body movements in a comfortable, normal position for the animal; and (ii) interact safely with other animals in the enclosure. When an animal is tethered, "adequate space" means a that the tether that to which the animal is attached permits the above actions and is appropriate to the age and size of the animal; is attached to the animal by a properly applied collar, halter, or harness that is configured so as to protect the animal from injury and prevent the animal or tether from becoming entangled with other objects or animals, or from extending over an object or edge that could result in the strangulation or injury of the animal; and is at least ten feet in length or three times the length of the animal, as measured from the tip of its nose to the base of its tail; whichever is greater, except when the animal is being walked on a leash or is attached by a tether to a lead line; does not, by its material, size, or weight or any other characteristic, cause injury or pain to the animal; does not weigh more than one-tenth of the animal's body weight; and does not have weights or other heavy objects attached to it. The walking of an animal on a leash by its owner shall not constitute the tethering of the animal for the purpose of this definition. When freedom of movement would endanger the animal, temporarily and appropriately restricting movement of the animal according to professionally accepted standards for the species is considered provision of adequate space. The provisions of this definition that relate to tethering shall not apply to agricultural animals.

"Adequate water" means provision of and access to clean, fresh, potable water of a drinkable temperature that is provided in a suitable manner, in sufficient volume, and at suitable intervals appropriate for the weather and temperature, to maintain normal hydration for the age, species, condition, size and type of each animal, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species; and is provided in clean, durable receptacles that are accessible to each animal and are placed so as to minimize contamination of the water by excrement and pests or an alternative source of hydration consistent with generally accepted husbandry practices.

The measure will become effective if reenacted by the 2020 Session of the General Assembly. The measure also directs the Department of Game and Inland Fisheries study issues related to the application of inconsistent local firearm ordinances to properties located in more than one locality and report its findings to the Chairmen of the House Committee on Agriculture, Chesapeake and Natural Resources and the Senate Committee on Agriculture, Conservation and Natural Resources by the first day of the 2020 Regular Session.

[H 2441]
Approved April 3, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-345 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Article 7 of Chapter 3 of Title 46.2 a section numbered 46.2-345.2 as follows:

§ 46.2-345. Issuance of special identification cards; fee; confidentiality; penalties.

A. On the application of any person who is a resident of the Commonwealth or the parent or legal guardian of any such person who is under the age of 15, the Department shall issue a special identification card to the person, provided that:

1. Application is made on a form prescribed by the Department and includes the applicant’s full legal name; year, month, and date of birth; social security number; sex; and residence address;

2. The applicant presents, when required by the Department, proof of identity, legal presence, residency, and social security number or non-work authorized status;

3. The Department is satisfied that the applicant needs an identification card or the applicant shows he has a bona fide need for such a card; and

4. The applicant does not hold a driver’s license, commercial driver’s license, temporary driver’s permit, learner’s permit, or motorcycle learner’s permit, or special identification card without a photograph.
Persons 70 years of age or older may exchange a valid Virginia driver's license for a special identification card at no fee. Special identification cards subsequently issued to such persons shall be subject to the regular fees for special identification cards.

B. The fee for the issuance of an original, duplicate, reissue, or renewal special identification card is $2 per year, with a $10 minimum fee. Persons 21 years old or older may be issued a scenic special identification card for an additional fee of $5.

C. Every special identification card shall expire on the applicant's birthday at the end of the period of years for which a special identification card has been issued. At no time shall any special identification card be issued for less than three nor more than eight years, except under the provisions of subsection B of § 46.2-328.1 and except that those cards issued to children under the age of 15 shall expire on the child's sixteenth birthday. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, (ii) the extension has been authorized under a directive from the Governor, and (iii) the card was not issued as a temporary special identification card under the provisions of subsection B of § 46.2-328.1. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions. Any special identification card issued to a person required to register pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 shall expire on the applicant's birthday in years which the applicant attains an age equally divisible by five. For each person required to register pursuant to Chapter 9 of Title 9.1, the Department may not waive the requirement that each such person shall appear for each renewal or the requirement to obtain a photograph in accordance with subsection C of § 46.2-323.

D. A special identification card issued under this section may be similar in size, shape, and design to a driver's license, and include a photograph of its holder, but the card shall be readily distinguishable from a driver's license and shall clearly state that it does not authorize the person to whom it is issued to drive a motor vehicle. Every applicant for a special identification card shall appear in person before the Department to apply for a renewal, duplicate or reissue unless specifically permitted by the Department to apply in another manner.

E. Special identification cards, for persons at least 15 years old but less than 21 years old, shall be immediately and readily distinguishable from those issued to persons 21 years old or older. Distinguishing characteristics shall include unique design elements of the document and descriptors within the photograph area to identify persons who are at least 15 years old but less than 21 years old. These descriptors shall include the month, day, and year when the person will become 21 years old.

F. Special identification cards for persons under age 15 shall bear a full face photograph. The special identification card issued to persons under age 15 shall be readily distinguishable from a driver's license and from other special identification cards issued by the Department. Such cards shall clearly indicate that it does not authorize the person to whom it is issued to drive a motor vehicle.

G. Unless otherwise prohibited by law, a valid Virginia driver's license shall be surrendered upon application for a special identification card without the applicant's having to present proof of legal presence as required by § 46.2-328.1 if the Virginia driver's license is unexpired and it has not been revoked, suspended, or cancelled. The special identification card shall be considered a reissue and the expiration date shall be the last day of the month of the surrendered driver's license's month of expiration.
H. Any personal information, as identified in § 2.2-3801, which is retained by the Department from an application for the issuance of a special identification card is confidential and shall not be divulged to any person, association, corporation, or organization, public or private, except to the legal guardian or the attorney of the applicant or to a person, association, corporation, or organization nominated in writing by the applicant, his legal guardian, or his attorney. This subsection shall not prevent the Department from furnishing the application or any information thereon to any law-enforcement agency.

I. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for an identification card or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application shall be guilty of a Class 2 misdemeanor. However, where the name or address is given, or false statement is made, or fact is concealed, or fraud committed, with the intent to purchase a firearm or where the identification card is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

J. The Department may promulgate regulations necessary for the effective implementation of the provisions of this section.

K. The Department shall utilize the various communications media throughout the Commonwealth to inform Virginia residents of the provisions of this section and to promote and encourage the public to take advantage of its provisions.

L. The Department shall electronically transmit application information to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry Files, at the time of issuance of a special identification card. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register or reregister pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person made application for the special identification card.

M. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall indicate on the applicant's special identification card that the applicant has any condition listed in subsection K of § 46.2-342.

§ 46.2-345.2. Issuance of special identification cards without photographs; fee; confidentiality; penalties.

A. On the application of any person with a sincerely held religious belief prohibiting the taking of a photograph who is a resident of the Commonwealth and who is at least 15 years of age, the Department shall issue a special identification card without a photograph to the person, provided that:

1. Application is made on a form prescribed by the Department and includes the applicant's full legal name; year, month, and date of birth; social security number; sex; and residence address;

2. The applicant presents, when required by the Department, proof of identity, legal presence, residency, and social security number or non-work authorized status;

4. The applicant does not hold a driver’s license, commercial driver’s license, temporary driver’s permit, learner’s permit, motorcycle learner’s permit, or special identification card.

B. The fee for the issuance of an original, duplicate, or reissue special identification card without a photograph is $10 per year, with a $20 minimum fee.

C. Every special identification card without a photograph shall expire on the applicant’s birthday at the end of the period of years for which a special identification card without a photograph has been issued. At no time shall any special identification card without a photograph be issued for more than eight years. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for re-issue due to circumstances beyond its control or (ii) the extension has been authorized under a directive from the Governor. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions.

D. A special identification card without a photograph issued under this section may be similar in size, shape, and design to a driver’s license and shall not include a photograph of its holder. The card shall be readily distinguishable from a driver’s license and shall clearly state that federal limits apply, that the card is not valid identification to vote, and that the card does not authorize the person to whom it is issued to drive a motor vehicle. Every applicant for a special identification card without a photograph shall appear in person before the Department to apply for a duplicate or reissue unless specifically permitted by the Department to apply in another manner.

E. Unless otherwise prohibited by law, a valid Virginia driver’s license or special identification card shall be surrendered for a special identification card without a photograph without the applicant’s having to present proof of legal presence as required by § 46.2-328.1 if the Virginia driver’s license or special identification card is unexpired and has not been revoked, suspended, or canceled. The special identification card without a photograph shall be considered a reissue, and the expiration date shall be the last day of the month of the surrendered driver’s license’s or special identification card’s month of expiration.

F. Any personal information, as identified in § 2.2-3801, that is retained by the Department from an application for the issuance of a special identification card without a photograph is confidential and shall not be divulged to any person, association, corporation, or organization, public or private, except to the legal guardian of the applicant or to a person, association, corporation, or organization nominated in writing by the applicant, his legal guardian, or his attorney. This subsection shall not prevent the Department from furnishing the application or any information thereon to any law-enforcement agency.

G. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for a special identification card without a photograph or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application is guilty of a Class 2 misdemeanor. However, where the special identification card without a photograph is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.
H. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall indicate on the applicant's special identification card without a photograph that the applicant has any condition listed in subsection K of § 46.2-342.

I. Unless the Code specifies that a photograph is required, a special identification card without a photograph shall be treated as a special identification card.

2. That until January 1, 2020, when an applicant who is deemed eligible for a special identification card without a photograph surrenders a Virginia driver's license or special identification card, the Department of Motor Vehicles is authorized to remove the applicant's photograph on file with the Department of Motor Vehicles, if the applicant requests such removal.

3. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Sex Offender and Crimes Against Minors Registry; reregistration schedule. Changes the dates for required reregistration of persons on the Sex Offender and Crimes Against Minors Registry (the Registry) from a repeating specified number of days after initial registration to time periods corresponding to such person's birth month and the first letter of such person's last name. The time intervals for reregistration for each of the following four categories of reregistration do not materially change. The bill requires persons with a last name beginning with A through L to register from the first to the fifteenth of each required reporting month and persons with last names M through Z to register from the sixteenth to the last day of the month of each required reporting month. The bill also requires that for the period of July 1, 2020, to July 1, 2021, any person required to reregister shall continue to reregister with the State Police on such person's reregistration schedule in place prior to July 1, 2020, until such person has reregistered pursuant to the new reregistration schedule, at which time such person shall continue reregistering with the new schedule. Industrial hemp; federal Farm Bill; emergency. Conforms Virginia law to the provisions of the federal 2018 Farm Bill by amending the definitions of cannabidiol oil, marijuana, and tetrahydrocannabinol (THC) to exclude industrial hemp in the possession of a registered person, hemp products, or an oil containing no more than 0.3% THC. The bill defines "industrial hemp" as any part of the plant Cannabis sativa that has a concentration of THC that is no greater than that allowed by federal law, and it defines "hemp product" as any finished product that is otherwise lawful and that contains industrial hemp. The bill adds the category of "dealer" in industrial hemp to the existing registration categories of grower and processor.

The bill requires any registered grower, dealer, or processor who negligently violates the law to comply with a corrective action plan established by the Commissioner of Agriculture and Consumer Services (the Commissioner). The plan must identify a date by which the person is required to correct the violation and requires the person to report periodically for not less than two calendar years on his compliance with the law. No person who negligently violates the industrial hemp law three times in a five-year period is eligible to grow, deal in, or process industrial hemp for a period of five years beginning on the date of the third violation.

The bill directs the Commissioner to (i) revoke the registration of any registered grower, dealer, or processor who violates the law with a culpable mental state greater than negligence and (ii) advise the Attorney General of the United States and the Superintendent of State Police, or the chief law-enforcement officer of the county or city, when such person grows, deals in, or processes any Cannabis sativa with a concentration of THC that is greater than that allowed by federal law with a culpable mental state greater than negligence.

The bill authorizes the Department of Agriculture and Consumer Services (the Department), if it obtains the approval of the U.S. Secretary of Agriculture, to refrain from requiring destruction of industrial hemp until the THC level is greater than 0.6%, and it authorizes the Department at that point to allow a re-test of the industrial hemp if the THC level is no greater than one percent.

The bill abolishes the higher education and Virginia industrial hemp research programs, along with the requirement that a grower or processor act exclusively within such a program. The bill authorizes the Commissioner to charge a fee for certain THC testing. Finally, the bill directs the Department to report by December 1, 2019, (a) to the General Assembly on the fiscal impact of the growth of the industrial hemp industry upon the Department's registration program and the existence of any need to alter the registration fee and (b) to the Chairmen of the House and Senate Agriculture Committees on the viability of markets for Virginia industrial hemp growers, the types of products made from industrial hemp that can be produced in Virginia, and the economic benefits and costs of production of such products. The bill also directs the Secretary of Agriculture and Forestry and the Secretary of Health and Human Resources to report to the General Assembly on the appropriate standards, if any, for the production of an oil with a THC concentration of no greater than 0.3 percent that is derived from industrial hemp. The bill contains an emergency clause.
