Foreword

Crime is of great concern to all citizens of Virginia. By use of crime statistics, criminal justice agencies can make an informed decision concerning the most efficient and effective manner in which to dedicate their limited resources toward the reduction of crime in their communities. The Uniform Crime Reporting (UCR) Program is a system of collecting and analyzing crime statistics gathered on selected crimes by participating law enforcement agencies throughout the Commonwealth. We acknowledge the efforts made by these agencies in making this report accurate and concise.

All information in this report uses an incident based reporting format. The Incident Based Reporting (IBR) central repository went into production in January 1994. At that time all contributing agencies were given five years to convert their summary system into an incident based system. All agencies have now completed this process and we are no longer accepting summary hard copy reports. In the section, "Group A Offenses By Contributing Agencies," if the agency did not submit an entire year of data, the footnote beside the agency's name represents the number of months of submission. The statewide population for this publication (8,185,867) is a 2012 provisional estimate provided by the Weldon Cooper Center For Public Service, University of Virginia.

In accordance with the Code of Virginia, the Department of State Police, as the central repository, collects crime information from participating agencies. The most accurate information available in Virginia is used to generate the statistics contained in this annual report. IBR statistics were originally for police agencies only, but community concern has generated a use by both public and private sources. This use increases yearly. The IBR information has become the primary vehicle used to evaluate levels of criminal activity in jurisdictions throughout Virginia.

The participation and cooperation of all agencies making this publication possible is sincerely appreciated. The quality of the program continues to be maintained through their cooperative efforts.

Colonel W. Steven Flaherty
Superintendent
Dedication

This publication is dedicated to the memory of the following law enforcement officers who died while performing their duties during 2012.

Trooper Andrew David Fox
Virginia State Police
Age: 27
Employed: 5 years

Deputy Sheriff Michael Christopher Walizer
Charles City County Sheriff’s Office
Age: 36
Employed: 11 years

Officer Chris Yung
Prince William County Police Department
Age: 35
Employed: 7 years
2012 Facts At A Glance

There were 472,836 Group A Offenses reported by the contributing agencies. (Page 8)

The total number of incidents of crime was 418,351 and the month of August had the greatest number reported. (Page 7)

Of the 17,664 violent crimes reported, 48.5% occurred in the home. (Page 46)

There were 5,093 victims of the 4,771 forcible sex offenses reported by the contributing agencies; 84.6% of the victims were female. (Pages 14 & 15)

The theft of money accounted for a property loss of $54,628,352. (Page 60)

Firearms represented 19.3% of all known weapons used in aggravated assaults. Of all victims of aggravated assault, 67.2% had some type of injury. (Page 47)

There was a total value loss of $55,883,342 related to 8,545 completed motor vehicle offenses. (Page 61)

There were 141,453 Group A arrests reported by the contributing agencies and 200,124 Group B arrests reported. (Pages 74 & 75)

There were 1,388 assaults on officers reported in Virginia. One-quarter (25.6%) involved some type of injury to the officer. (Page 56)

Of the 143 hate crime offenses reported, 43.4% of these were assault offenses and 51.0% were vandalism/damage of property offenses. (Page 52)

Clearance Rates:

This report no longer contains clearance rates. The IBR system does not accurately reflect the volume of clearances each department produces in a given year. Additionally, the number of arrests in a jurisdiction does not provide precise offense clearance information in that one person arrested could clear multiple offenses.

Virginia Uniform Crime Reporting Program

HISTORY

Development of the nationwide summary Uniform Crime Reporting (UCR) Program began eighty years ago. In 1930, crime counts were first requested from local police departments, with the Federal Bureau of Investigation designated by Congress to collect, compile, and analyze these figures. The Committee on Uniform Crime Records of the International Association of Chiefs of Police played a primary role in the origin and development of the UCR Program and serves in a strong advisory capacity. In 1966, the National Sheriffs’ Association (NSA) established a Committee on Uniform Crime Reporting to serve in an advisory capacity to the NSA membership and the National Uniform Crime Reporting Program. Today, this committee and similar committees within the state law enforcement associations are active in promoting interest in the UCR Program. Standardized offense classifications and scoring procedures to ensure uniformity and consistency of data were major components in all of these reports. All of the Uniform Crime Reports were designed to be a by-product of information that a law enforcement agency should routinely compile for its own efficient administration and performance. The underlying philosophy and focus is and always has been oriented toward the creation of police statistics for use by law enforcement agencies. The unique nature of the program, however, also makes the data invaluable for use by elected officials and the public.

The FBI has actively assisted individual states in the development of statewide programs of police statistics compatible with the national system. These state statistical programs provide the advantage of increased coverage of reporting by law enforcement agencies. State systems also provide direct and frequent service to law enforcement agencies in assuring completeness and quality of information provided by them. Through coordination by the state collection agency, the data is available for use by the state while substantially streamlining the collection and reporting machinery for the national program.

Prior to June 30, 1974, no mandatory uniform crime reporting law existed in Virginia, and of the 288 agencies in the Commonwealth, 162 or 56% were voluntarily reporting directly to the Federal Bureau of Investigation. Effective law enforcement requires the cooperation and coordination of all law enforcement agencies within and among political subdivisions. Such efforts become possible only through the collection and statistical analyses of complete and accurate information.

The need for complete and accurate information on the number of offenses and offenders was long recognized in the state. The system developed in Virginia produced vital information that assisted law enforcement agencies throughout the state by furnishing information for management decisions and planning programs. Virginia has now converted to a more extensive data collection system. This new system is discussed on the following page.

A statewide UCR program informs the Governor, Legislature, local and state law enforcement agencies, other governmental officials, and the public as to the nature, magnitude and trends of crime in Virginia. Through the collection of timely and reliable statistical information, local and state officials are better able to assess the direction and impact of crime.

UCR SYSTEM OBJECTIVES

The fundamental objectives of the Virginia Uniform Crime Reporting Program are:

1. To inform the Governor, Legislature, and other governmental officials, and the public as to the nature of the crime problem in Virginia—its magnitude and its trend.
2. To provide law enforcement administrators with criminal statistics for administrative and operational use.
3. To determine who commits crimes by age, sex, race, and other attributes in order to find the proper focus for crime prevention and enforcement.
4. To provide base data and statistics to measure the workload and effectiveness of Virginia’s criminal justice system.
5. To provide base data and statistics to measure the effects of prevention and deterrence programs.
6. To provide base data and statistics for research to improve the efficiency, effectiveness and performance of criminal justice agencies.
7. To provide base data to assist in the assessment of social and other causes for the development of theories of criminal behavior.
Incident Based Reporting

THE INCIDENT BASED REPORTING SYSTEM

Virginia has been publishing crime data in an expanded format since 1994. This reporting system, fully implemented in 2000, is known as Incident Based Reporting (IBR). The following information is furnished to provide an overall description of IBR.

During the preliminary development of IBR by the Federal Bureau of Investigation, advice was solicited from the National Association of State UCR programs, the International Association of Chiefs of Police, the National Sheriffs' Association, the National Alliance of State Drug Enforcement Agencies and other federal, state and local criminal justice agencies.

The guidelines and specifications developed were provided to South Carolina for testing through a pilot program in 1987. As a result of this testing, further refinements were made. In 1988, a national conference was held to present these guidelines and obtain feedback from representatives of law enforcement agencies in attendance. Recommendations included efforts to implement this system nationally, that the Federal Bureau of Investigation would manage this program and that an Advisory Policy Board be formed to assist in the development and implementation of the new program.

Virginia formed a State UCR Committee in 1986 to follow the developments of IBR and to evaluate its impact. This committee was composed of representatives from the Virginia State Sheriffs' Association, the Virginia Association of Chiefs of Police, the Department of Criminal Justice Services, and the Department of State Police. The State UCR Committee created the UCR Forms Subcommittee, which included representatives from police and sheriffs' agencies, the State Police, and the Department of Criminal Justice Services. This subcommittee developed, tested and subsequently recommended a standard Incident Based Reporting form for use in Virginia. The Forms Subcommittee recommended this form be used at the option of the reporting agencies. Agencies, however, may use their own form to report the required data to the central repository. It is important, at this point, to recognize that the purpose of these forms was to collect the various information concerning criminal activity. Because of the numerous data elements collected, law enforcement agencies report this data to the central repository via an automated system.

The UCR Committee recommended that the Superintendent of the Department of State Police adopt the minimum, mandatory data standards recommended by the FBI and proceed with implementation of Incident Based Reporting in Virginia. In addition, the committee recommended that the data be collected which would relate the property to the offense, the type of property security/alarm system used, and the means by which the offender left the scene of the offense. Additional data is also collected on Law Enforcement Officers Killed and Assaulted (LEOKA), providing description of activities and assignments the officer was performing at the time of the offense, as well as offenses that were also classified as Hate Crimes (i.e. bias motivated).

Some of the major benefits derived from the IBR system include: greater specificity in reporting; more correlation between offenses, property, victims, offenders, and arrestees; expanded victim/offender relationships; distinction between attempted and completed crimes and increased reporting of various circumstances relative to specific crimes.

The IBR system requires that extensive data be reported for each crime occurring during a particular incident. Under the old summary system, only limited data concerning the most serious crime occurring during a particular incident was reported.

Information relating to two different levels of offenses is collected by the IBR system. The most serious offenses are designated as Group "A"; the less serious offenses are designated as Group "B". Group "A" offenses consist of 22 categories of crimes involving 46 different offenses; a maximum of 10 offenses per incident may be reported. Agencies are required to report 75 data elements for Group "A" offenses. Group "B" offenses, consisting of 12 crimes, only require reporting arrest data. Group "A" offense categories along with their definitions are provided on page six.

While these figures are the most accurate available, it must be remembered that they represent a “snapshot” of incidents reported by local law enforcement agencies as well as follow UCR definitions. As such, it is possible that the number and categorization of offenses may differ when comparing these data with those from individual reporting agencies. If there are concerns with these differences, it is suggested that you contact the agency directly.
Crime Factors

Direct comparisons or rankings of individual cities and counties based solely on the data presented in this publication should be done with caution. There are many factors that influence or contribute to crime. Crime in Virginia, however, restricts itself to population size alone to establish a crime rate. In addition to population size, some other factors believed to affect the type and volume of crime include:

1. Population density and degree of urbanization;
2. Population variations in composition and stability;
3. Economic conditions and employment availability;
4. Mores, cultural conditions, education, and religious characteristics;
5. Family cohesiveness;
6. Climate, including seasonal weather conditions;
7. Effective strength of the police force;
8. Standards governing appointments to the police force;
9. Attitudes and policies of the courts, prosecutors and corrections;
10. Citizen attitudes toward crime and police;
11. The administrative and investigative efficiency of police agencies and the organization and cooperation of adjoining and overlapping police jurisdictions;

* Crime counts are number of victims for offenses against a person and number of offenses for all other offenses.
II
Group A
Offenses
Definitions of Categories of Group A Offenses

For practical purposes of measuring the trend and distribution of crime on the national and state level, the definitions for crime in the Incident Based Reporting (IBR) Program are generic in order not to exclude varying state and federal statutes relating to the same type of crime. The definitions which were developed for IBR are not meant to be used for charging persons with crimes. Essential to the maintaining of uniform and consistent data is the establishment of standard definitions which are used for the State and National Programs.

The IBR Group A Offense Categories and their definitions are:

**Arson** - Definition on Page 40.

**Assault** - Definition on Page 22.

**Bribery** - The offering, giving, receiving, or soliciting of anything of value (i.e., a bribe, gratuity, or kickback) to sway the judgment or action of a person in a position of trust or influence.

**Burglary** - Definition on Page 29.

**Counterfeiting/Forgery** - The altering, copying, or imitation of something, without authority or right, with the intent to deceive or defraud by passing the copy or thing altered or imitated as that which is original or genuine; or the selling, buying, or possession of an altered, copied, or imitated thing with the intent to deceive or defraud.

**Destruction/Damage/Vandalism of Property** - To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

**Drug/Narcotic Offenses** - The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use (includes drugs and equipment violations).

**Embezzlement** - The unlawful misappropriation by an offender to his/her own use or purpose of money, property, or some other thing of value entrusted to his/her care, custody, or control.

**Extortion/Blackmail** - To unlawfully obtain money, property, or any other thing of value, either tangible or intangible, through the use or threat of force, misuse of authority, threat of criminal prosecution, threat of destruction of reputation or social standing, or through other coercive means.

**Fraud Offenses** - The intentional perversion of the truth for the purpose of inducing another person or other entity in reliance upon it to part with something of value or to surrender a legal right (includes false pretenses/swindle/confidence game, credit card/automatic teller machine, impersonation, welfare, and wire frauds).

**Gambling Offenses** - To unlawfully bet or wager money or something else of value; assist, promote, or operate a game of chance for money or some other stake; possess or transmit wagering information; manufacture, sell, purchase, possess, or transport gambling equipment, devices, or goods; or tamper with the outcome of a sporting event or contest to gain a gambling advantage (includes betting/wagering, operating/promoting/assisting, gambling equipment and sports tampering violations).

**Homicide** – Definition on Page 9.

**Kidnaping/Abduction** – Definition on Page 26.

**Larceny/Theft** - Definition on Page 33.

**Motor Vehicle Theft** - Definition on Page 36.

**Pornography/Obscene Material** - The violation of laws or ordinances prohibiting the manufacture, publishing, sale, purchase, or possession of sexually explicit material, e.g., literature, photographs, etc.

**Prostitution Offenses** - To unlawfully engage in or promote sexual activities for profit (includes assisting).

**Robbery** - Definition on Page 18.

**Sex Offenses, Forcible & Nonforcible** - Definition on Page 13.

**Stolen Property Offenses** - Receiving, buying, selling, possessing, concealing, or transporting any property with the knowledge that it has been unlawfully taken, as by burglary, embezzlement, fraud, larceny, robbery, etc.

**Weapon Law Violations** - The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.

Homicide Offenses
The killing of one human being by another

Murder/
Nonnegligent Manslaughter
The willful (nonnegligent) killing of one human being by another

Negligent Manslaughter
The killing of another person through negligence (does not include “Vehicular Manslaughter”)

Justifiable Homicide
The killing of a perpetrator of a serious criminal offense by a peace officer in the line of duty; or the killing, during the commission of a serious criminal offense, of the perpetrator by a private individual
As a general rule, any death due to injuries received in a fight, argument, quarrel, assault, or commission of a crime is classified in this category. Suicides, accidental deaths, assaults to murder, traffic fatalities, and attempted murders are not classified as Murder/Nonnegligent Manslaughter. More information on murders may be found in the violent crime section of this report.

In 2012, the contributing agencies reported 292 offenses resulting in 316 actual deaths. An analysis by month shows that September had the greatest occurrences.
**Murder/Nonnegligent Manslaughter**

In all cases of murder reported, information is captured on the age, gender, and race of all victims and offenders. The data below represent victim information for the murders reported by the agencies.

</table>
Forcible Sex Offenses

Forcible Rape
The carnal knowledge of a person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity, or because of his/her youth

Forcible Sodomy
Oral or anal sexual intercourse with another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity

Sexual Assault With An Object
To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity

Forcible Fondling
The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity

Nonforcible Sex Offenses

Incest
Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law

Statutory Rape
Nonforcible sexual intercourse with a person who is under the statutory age of consent
Forcible Sex Offenses

Forcible sex offenses include forcible rape, forcible sodomy, sexual assault with an object and forcible fondling. Additional information on these offenses can be found in the violent crime section of this report. In 2012, the contributing agencies reported 4,771 offenses resulting in 5,093 victims of a forcible sex offense.

This offense includes the forcible rape of both females and males. If force is used or threatened, the crime is classified as Forcible Rape regardless of the age of the victim. If no force or threat of force is used and the victim is under the statutory age of consent, the crime is not classified in this category but in the category of Statutory Rape.

In 2012, the contributing agencies reported 1,432 rape/attempted rape offenses resulting in 1,464 victims. An analysis by month shows June had the greatest occurrences.

Robbery

The taking, or attempting to take, anything of value under confrontational circumstances from the control, custody, or care of another person by force or threat of force or violence and/or by putting the victim in fear of immediate harm

Because some type of assault is an element of the crime of robbery, an assault is not reported as a separate crime as long as it was performed in furtherance of the robbery.
Additional information on robberies can be found in the violent crime section of this report.

There were 4,729 robberies/attempted robberies reported in 2012. The graph below represents the monthly robberies reported by the contributing agencies. The month of January had the greatest number of robberies reported.

Assault Offenses

An unlawful attack by one person upon another

Aggravated Assault
An unlawful attack by one person upon another wherein the offender uses a weapon or displays it in a threatening manner, or the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness

Simple Assault
An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness

Intimidation
To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack (includes stalking)
Aggravated assault includes: assaults or attempts to kill or murder; poisoning; assault with a dangerous or deadly weapon; maiming, mayhem, assault with explosives, and assault with disease (as in cases when the offender is aware that he/she is infected with a deadly disease and deliberately attempts to inflict the disease by biting, spitting, etc.). It is not necessary that injury result from an aggravated assault when a weapon is used which could cause serious personal injury. By definition, there can be no attempted assaults.

In 2012, the contributing agencies reported 7,872 aggravated assault offenses resulting in 9,148 persons assaulted. The month of July had the greatest number of offenses reported.

The Department of State Police shall include arrest statistics for violation of §§ 18.2-46.2, 18.2-46.3, 18.2-46.3:1, 18.2-46.3:3, and 18.2-55.1 in the annual Crime in Virginia report.”
Kidnapping/Abduction

The unlawful seizure, transportation, and/or detention of a person against his/her will or of a minor without the consent of his/her custodial parent(s) or legal guardian.
This offense includes not only kidnaping and abduction, but hostage situations as well. Although the object of a kidnaping may be to obtain money or property, this category is intended to capture information only on the persons actually kidnaped or abducted, not those persons or organizations paying ransoms.

In 2012, there were 1,326 actual and attempted kidnapings/abductions involving 1,487 victims. The month of August had the greatest number of occurrences.

*May include multiple injuries.
**Burglary**

The unlawful entry into a building or other structure with the intent to commit a felony or a theft.

A “structure” is considered to include, but not be limited to, all buildings, railroad car, garage, housetrailer or houseboat (if used as permanent dwelling), room, barn, stable, mill and ship.
Offenses locally known as burglary (any degree), unlawful entry with intent to commit a larceny or felony, breaking and entering with intent to commit a larceny, and housebreaking are classified as burglary.

Thefts from telephone booths, coin-operated machines, automobiles, tents, or shoplifting from commercial establishments are classified as larcenies and are not included in this offense.

There were 28,759 burglaries/attempted burglaries reported by the contributing agencies in 2012. The month of January had the greatest occurrence of burglaries.

</tr>
</tbody>
</table>

* Resident of jurisdiction where offense occurred.
Larceny
The unlawful taking, carrying, leading, or riding away of property from the possession, or constructive possession, of another person

Pocket Picking
The theft of articles from another person's physical possession by stealth where the victim usually does not become immediately aware of the theft

Purse Snatching
The grabbing or snatching of a purse, handbag, etc., from the physical possession of another person

Shoplifting
The theft, by someone other than an employee of the victim, of goods or merchandise exposed for sale

Theft From Building
The theft from within a building which is either open to the general public or where the offender has legal access

Theft From Coin-Operated Machine or Device
The theft from a machine or device which is operated or activated by the use of coins

Theft From Motor Vehicle
The theft of articles from a motor vehicle, whether locked or unlocked

Theft of Motor Vehicle Parts or Accessories
The theft of any part or accessory affixed to the interior or exterior of a motor vehicle in a manner which would make the item an attachment of the vehicle, or necessary for its operation

All Other Larceny
All thefts which do not fit any of the definitions of the specific subcategories of Larceny/Theft listed above

Included are thefts from fenced enclosures. Thefts of animals, bicycles, lawn mowers, lawn furniture, hand tools, and farm and construction equipment are also included where no breaking or entering of a structure is involved.
Local offense classifications such as grand theft, petty larceny, or felony larceny have no bearing on the fact that each distinct operation of larceny is reported as one offense.

Motor vehicle theft is not included in the larceny totals and is counted separately because of the great volume of such thefts.

There were 140,786 larceny/attempted larceny offenses reported by the contributing agencies during 2012. August had the greatest occurrence of offenses reported.
Larceny

The nature of larceny, a crime of opportunity, sneak thievery and petty unobserved thefts, makes it an extremely difficult offense for law enforcement officers to solve. A lack of witnesses and the volume of these crimes work in the offender's favor.

Motor Vehicle Theft

Theft of a motor vehicle. A motor vehicle is defined as a self-propelled vehicle that runs on the surface of land and not on rails, and which fits one of the following descriptions:

Automobiles - sedans, coupes, station wagons, convertibles, taxicabs, or other similar motor vehicles which serve the primary purpose of transporting people

Buses - motor vehicles which are specifically designed (but not necessarily used) to transport groups of people on a commercial basis

Recreational Vehicles - motor vehicles which are specifically designed (but not necessarily used) to transport people and also provide them temporary lodging for recreational purposes

Trucks - motor vehicles which are specifically designed (but not necessarily used) to transport cargo

Other Motor Vehicles - any other motor vehicles, e.g., motorcycles, motor scooters, trail bikes, mopeds, snowmobiles, golf carts, etc., whose primary purpose is to transport people
All cases where motor vehicles are taken by persons not having lawful access even though the vehicles are later abandoned are counted in this offense. Joyriding is included.

Unauthorized use by chauffeurs and others having lawful access to the vehicle is not included in motor vehicle theft.

In 2012, contributing agencies reported 8,846 offenses of motor vehicle theft (8,545 completed and 301 attempted). A total of 8,988 motor vehicles were reported stolen. August had the greatest occurrence of offenses reported.

Arson

To unlawfully and intentionally damage, or attempt to damage, any real or personal property by fire or incendiary device

The value of property burned, including incidental damage resulting from fighting the fire, is reported in the value of the property loss.
**Arson**

Only fires determined through investigation to have been unlawfully and intentionally set are classified as Arson. Attempts to burn are included, but fires of suspicious or unknown origin are not reported.

There were 1,249 arsons/attempted arsons reported in 2012 by the contributing agencies resulting in a total property loss of $10,708,987. The month of November had the most occurrences of arson reported.

Property Crime

Property crimes, or crimes against property, are listed below. Robbery is considered a crime against property; however, it is also a violent crime and is listed again in the violent crime section of this report.

Contributing agencies reported 293,390 property offenses during 2012. More property crimes occurred on a Friday than any other day of the week.

Property Crime: Offender(s) Suspected of Using By Offense

(Up to 3 suspected usages can be reported for each offense.)

Hate Crime

Hate crimes are not separate, distinct offenses, but rather reported crimes motivated by the offender’s bias. Because of the difficulty of ascertaining the offender’s subjective motivation, bias is reported only if investigation reveals sufficient information to lead a reasonable and prudent person to conclude that the offender’s actions were motivated, in whole or in part, by bias against race, religion, disability, ethnicity or sexual-orientation. In 2012, there were 143 hate crimes reported.

IV
Law Enforcement Officers Killed and Assaulted
Law Enforcement Officers Killed and Assaulted

Through the Incident Based Reporting program, additional information is collected on law enforcement officers assaulted and feloniously killed in the line of duty. During 2012, contributing agencies reported that no officer was feloniously killed in the line of duty and there were 1,388 other assaults on officers.

Information is provided on the activities and assignment at the time of the assault, type of weapon used to commit the offense, injuries involved and time the activity took place.

Additional information pertaining to law enforcement officers killed and assaulted is contained in an annual summary published by the FBI’s National Uniform Crime Reporting Program.

VI
Arrest Data
Arrest Data
2012

Arrest statistics reflecting characteristics such as age, gender and race are collected monthly from contributing law enforcement agencies. It should be remembered that arrest figures cannot directly be compared to offense figures. Several persons, for example, could be arrested for the same offense or the arrest of one person could solve several offenses. Arrests are primarily a measure of police activity as it relates to crime. Although law enforcement arrest policies vary, particularly with respect to juveniles, agencies are instructed to count one arrest each time an individual is taken into custody for committing one or more offenses. A juvenile arrest is counted when an offense is committed and the circumstances are such that if the juvenile had been an adult, an arrest would have been made.
